## LENSURE BRIDGE FINANCING PROGRAM

LendSure’s new Bridge Financing program empowers borrowers to access equity from their current home to purchase a new home, with no monthly payments on the loan. Borrowers can gain a competitive advantage in a hot housing market by making a non-contingent offer on the new property.

How it works:

**LendSure's Bridge Financing Program**

- ▶ LendSure’s Bridge Financing Program pays off the existing lien while providing the cash out needed for down payment on the new home.

Equity used for down payment for the new home

- No monthly payments on the bridge financing
